(I think pretty much everyone is doing this right now xD)

Thank you so much to all of you for being here, for the fun times together, and for being your own amazing selves :D

There's so many people I would have liked to know better, and hopefully we still can if we can still keep in touch :)

~~Oof why are there so many emoticons~~

You're all so wonderfully creative, friendly, supportive, and unique, and I'm so glad to have met all of you. Never stop being so incredible :D

I've had such a wonderful year with ya'll, and I've changed and grown in so many ways, along with and thanks to all of you.

If I had more time right now I would probably list every forumer I ever talked with or even just heard about, but unfortunately I don't have that *amount of time ;-; (Though I'll keep posting more of these probably xD)*

I think we've all touched and maybe even changed each other's lives, and ahhhhhhhhhhh there's so many of you that I want to give a special callout to, but for now this will have to do:

@Imagine

I've said this before probably, but I think you're pretty much the main reason I joined when I did and actually stuck around, instead of just stalking xD Working on The Hidden Animus together was fun, and asides from being completely shocked when I found out I'd tied in the contest, I think that your help in making the RP helped a lot and made me feel like part of the community when I first joined. You're friendly and uplifting and generally awesome, don't stop being great :D
Safe (and fun!) travels, and don't forget to eat your vegetable toast xD

@Fallon @Galaxian @Cleaver @Wizard

Being on GGaD chat with all of you is fun, and it's totally worth all those missed hours of sleep xD Have some sweet dream-dipped banadana muffins :D
@Fallon Keep being amazing and creative :D I read Jumping into Nightmares recently, and I guess I forgot to comment on it, but it's great! (Also, I haven't forgotten about *her*, *but since I'm like pretty much inexistent in actually RPing in GGaD, it might take a while to actually do any plots :P) lol you're also a great derp police (@Galaxian Also keep being awesome and creative! Your writing is very descriptive and your characters are very well-developed, and even though I don't understand 99% of your songs even the translated versions are great! Don't worry too much about your srt styke, you draw really well in my opinion xD Talking in different languages and annoying the fileter ~~and Fallon~~ on chat is fun :D*

@Cleaver You! Are! Also! Very! Awesome! And! Creative! Your writing is great, and I loved both the Changeling and the Spirit Sea Shenanigans you wrote :D Your comic is coming along really well too! Also if you're reading this in the middle of the night get some sleep :V Or if you haven't eaten get some ~~vegetable toast~~ food >:V
@Wizard I guess I'm going to end up saying this to everyone but -you are also very awesome and creative! lol staying up late to have that small debate was fun, and uhh I don't remember you saying anything about this so are you able to on Home Base or will you be on the wiki...?

We *will* never *be forgotten*
for we've all played our parts
and if the memories are erased
they'll still be in our hearts
